DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement filed 02/18/2004 has been considered.

Oath/Declaration

2. The oath or declaration filed on 2/18/2004 is acceptable.

Drawings

3. The drawings filed on 2/18/2004 are acceptable.

REASONS FOR ALLOWANCE

4. The following is an examiner's statement of reasons for allowance:

The prior art of record taken either singly or in combination fails to anticipate or fairly suggest the limitations which the Applicant claims in claims 1-32 in a manner which would warrant a rejection under 35 U.S.C. § 102 or 35 U.S.C. § 103.

There was no prior art found by the examiner that suggested modification or combination with the cited prior art so as to satisfy the combination of the present independent claims 1 and 20; especially, the prior art does not disclose a three-terminal semiconductor transistor comprising a base region formed by a semiconductor material of a first conductivity type at a first concentration, the base region being in contact with a first electrical terminal via a semiconductor material of a second conductivity type at a second concentration that is lower than the first concentration; and the tunneling current

through the first Schottky barrier junction or the second Schottky barrier junction is substantially controlled by the voltage of the semiconductor base region.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
